Well done to Class 9 for highest attendance last week.
Amazing attendance!

ARBOR UPDATES

Polite reminder for parents to clear any outstanding payment e.g., dinner monies, breakfast club and trips.

Also, could parents please continue to check details on Arbor and make any changes to pupil information, change of numbers/addresses etc. This will help keep all information up to date.

SCHOOL HOLIDAYS 2021/2022

Easter Holidays – Monday 11th April 2022 to Friday 22nd April 2022

May Day – Monday 2nd May 2022

May Half Term – Monday 30th May 2022 to Friday 3rd June 2022

Last Day of Summer Term – Thursday 21st July 2022.

INSET DAYS 2021/2022

Friday 8th April 2022

Friday 8th July 2022

RED NOSE DAY – FRIDAY 18TH MARCH

We will be holding a non-uniform day to support Red Nose Day and raise important funds for their charity. We kindly ask for £1 donations through Arbor or sent in with your child. See what your donation can do to support others by visiting this website... What

Your Money Does | Comic Relief
We would like all children to rummage through their wardrobes and wear something **Red**, this can be a top, trousers, dress, headband, socks etc...

The list is endless.

Together we can make a difference.
#teamwork #happy #safe

Plastic free Red Noses will be available to buy on Monday 14th March. Your child can bring £1.50 into school, and they will bring them home.

These are sold on a first come first served basis.

SCIENCE WEEK – 14-18TH

MARCH

The theme for this year's Science week is all about "Growth". Throughout the week your child will be participating in science experiments and activities linked to this theme. Each class will be launching a poster competition via Seesaw for your children to get involved in. The most innovative posters will be put into a prize draw!

For Science week, the theme is growth so over the course of the week we would like children to save any of their used plastic to add to a large net which I will display in the hall.

WHITBY TRIP

Class 6/7/8 are going to Whitby on Wednesday 9th March please can all children be at school for **8:10AM**. Please bring your child in school uniform and provide a packed lunch. **No Money** is needed.

Updates will be sent out on twitter throughout the day.

Date	Activity
Monday 9 May 2022	English grammar, punctuation and spelling papers 1 and 2
Tuesday 10 May 2022	English reading
Wednesday 11 May 2022	Mathematics papers 1 and 2
Thursday 12 May 2022	Mathematics paper 3

NATIONAL ONLINE SAFETY

YouTube is a video sharing site/application that enables you to upload, view, rate, share and comment on a wide variety of videos. Consisting of a huge resource of information, advice and entertainment, YouTube now has 1.9 billion logged-in monthly users who watch a billion hours of video daily. Most of the content on Google-owned YouTube is uploaded by individuals, but organisations and media companies also offer some of their content via this platform.

AGE RESTRICTION
13+

What parents need to know about YouTube

SPENDING A PREMIUM

YouTube Premium (formerly YouTube Red) is a new paid streaming subscription service in the UK, offering a three-month free trial to tempt viewers into a £12-per-month plan. This includes the ability to download videos, stream videos with the app in the background, gives exclusive access to original content and a separate music streaming service and gaming app.

DANGEROUS 'CHALLENGE' & VIRAL VIDEOS

On YouTube, 'challenge videos' are shared quickly and can be very dangerous. One person may post a video of themselves doing something unusual like eating a hot chili or jumping in a river and before you know it, the video goes viral and everyone wants to join in and share their videos. The speed in which challenge videos spread across the Internet makes it difficult to keep up with the latest ones.

SHARING VIDEOS

As well as watching videos, many children are keen to share their own videos online, emulating their YouTube heroes, such as Stampy or DanTDM. However, if they post something on YouTube, they may later regret it or feel embarrassed about what they have shared. There is also a risk that they will receive hurtful or negative comments regarding not only their content, but also their appearance. YouTube's comment section is infamous for being one of the most opinionated on the Internet.

IN-APP MESSAGING

When your child is logged into their Google account and browsing the YouTube website, they can share and talk about videos with their friends using the chat bubble. This can be found at the top right of the desktop site or through in-app messaging on their mobile or tablet. When they tap on the 'Friends' icon, they have a list of suggested people from their contacts - which can be any contact they've had on Google or somebody who has sent them an invite link.

AGE-INAPPROPRIATE VIDEOS

As YouTube is the biggest video sharing website in the world, there is content available for all ages, meaning that some content will not be appropriate for your child. If you think that content is unsuitable, there is a flagging feature to submit it for review by YouTube staff, but you will need to be aware that just because video is not appropriate for a younger audience, it may not violate YouTube's policies. YouTube has mechanisms in place to automatically remove explicit and harmful content, yet offensive content may still slip through.

Top Tips for Parents

TURN ON 'RESTRICTED' MODE

'Restricted Mode' is an optional setting you can use to help screen out potentially mature content. You may prefer your child not to see Restricted Mode works on the browser or device level, so must be turned on for each browser or device your child uses. To do this, follow these steps:

- Desktop:**
 - Go to the bottom of any YouTube page and switch 'Restricted Mode' to 'On'.
 - To make it more difficult for this to be turned off, you will be given the option to lock restricted mode onto your browser.
- Mobile:**
 - Tap the three vertical dots at the top-right on the screen and press, 'Settings'.
 - Click on 'Restricted mode filtering'.
 - Press 'Restrict'.

Please note that you can't 'lock' restricted mode on a phone in the same way that you can on a desktop. You will need to turn this on each time your child uses it.

CREATE A FAMILY GOOGLE ACCOUNT

By having a shared family Google account, checking the history will enable you to see exactly what your child is watching and sharing on YouTube. To see the history on a computer, on the right hand menu under the library section, click 'History'. On mobiles, the viewing history can be found by clicking on the 'Library' tab.

YOUTUBE KIDS - PARENT APPROVED CONTENT

On the YouTube Kids platform, parents can now handpick videos and channels for their children to view, giving parents and guardians full control over what their children view on the app. Simply enable the feature within the account settings and select 'approved content only'. It's important to note that this feature is only currently available on Android devices.

BLOCKING ACCOUNTS

When using YouTube, there may be instances where your child receives negative comments. If somebody's giving your child a difficult time, here's how to block them and prevent future comments and replies:

- Go to their channel/account by clicking on their name.
- Click on 'About'.
- Tap the dropdown box with an image of a flag on it.
- Press 'Block user'.
- Tap 'Submit'.

MONITOR WHAT YOUR CHILD IS WATCHING/POSTING

The only way to truly know what your child may have been watching is to regularly monitor them. You can do this by checking their viewing history. YouTube videos can also be easily downloaded, so it is important that your child understands the associated dangers of content they are uploading and that it could harm their online reputation in the future. Show them how to set their videos to private or choose a small network of YouTube friends to share with. To get started, your child can use YouTube Studio which offers learning modules on creating a YouTube channel, however, you should encourage them not to use their real name.

DIGITAL WELL BEING

YouTube has launched a tool called 'Time Watched' that allows you to see how long has been spent on the platform. Once you have discovered how much time has been spent on the app, there is the option to set a time limit. Once the limit is reached, a reminder will pop up on the screen. You can also disable sounds and vibrations to help resist the urge to check for notifications.

OPT FOR A FAMILY PREMIUM PLAN

A YouTube family Premium plan may be a cost-effective option if you have more than one child. For £17.99 a month, it allows you to share a YouTube paid membership with up to five other family members - aged 13 and older - living in the same household. As the account holder, or family manager, you must create a Google family account.

MANAGING IN-APP MESSAGES

If your child is accessing YouTube via your account, bear in mind that they may be contacted by Google contacts who are complete strangers to them. You can remove someone from the suggested contacts list by pressing and holding the person's name and tapping on the red 'x'.

YOUTUBE GAMING

YouTube has created its own destination for gamers, which highlights the top gaming videos from the user's subscriptions, including live streams. There are hundreds of YouTube accounts which show other people playing and commenting on games. These are called 'Let's Play' videos. While YouTube can be a great resource for hints, tips and news for games, it is a good idea for parents to keep a close eye on what YouTube's are posting. Often, the games they are playing will contain strong language and violence. A few examples of popular YouTube gamers for you to have a look at are:

- Stampy
- Yogscast Lewis & Simon
- PewDiePie
- EthanGamer
- Markiplier
- PopularMMOs
- Captainsparklez
- Jacksepticeye
- LCorbis
- Dan TDM
