Programme of Study for the Barnsley Local Agreed Syllabus: The Six Key Questions

These questions are the product of much thought by the Agreed Syllabus Conference and the Local Agreed Syllabus Working Groups. They are designed to guide and shape pupils' learning in RE across the years of schooling. Of course, pupils begin to handle the key questions very simply, moving on to learn about and respond to religious objects and ideas, to describe for themselves, to analyse information, and increasingly to develop the ability to draw thoughtful and balanced conclusions.

Question 1

Why are these words special?

Sacred books

Question 2

Why are some places special?

Festivals and families

Question 5

What can be learned from the lives of significant people of faith?

Role models

Question 6

How do I and others feel about life and the universe around us?

Ultimate questions

**Six Key Questions to Support Continuity and Progression in
Religious Education in Barnsley**

As a basis for the Barnsley Local Agreed Syllabus Six Key Questions are used.

Six Key Questions	What do the questions mean at Key Stage 1?	What do the questions mean at Key Stage 2?	What do the questions mean at Key Stage 3?
1. Why are these words special? Sacred books	Pupils learn to name some holy books and talk about the stories from them that they have heard	Pupils learn to describe the stories and teachings of holy books, and make links with their own lives and ideas	Pupils explain and interpret the teachings of key authorities in each religion. They respond thoughtfully to the teachings studied
2. Why are some places special? Local places of worship, objects, artefacts, signs and symbols, sacred sites and pilgrimages	Pupils learn about places of worship, what they are like and how special they are, and about objects and artefacts associated with them. Pupils find out about some places where religious people love to go and remember – and think of their own favourite places	Pupils learn to describe different places of worship and their symbols, and link ideas about peace, strength, love or courage to ideas about worship. Pupils learn that pilgrimages come in many forms in different religions, making links to the idea of ‘life as a journey’	Pupils explain the role of places of worship in the religions studied. They interpret the architecture, and evaluate its impact on worshippers. Pupils account for the role of pilgrimage in different religions and interpret the meanings of rituals. They respond for themselves to ideas about sacred places
3. How can faith contribute to Community Cohesion? Beliefs, ethics, family traditions and faith in the community	Pupils learn about the ways being religious makes a difference in a family. Pupils learn that our society includes many religions, and all are worth respecting. In our area or region, they can all be seen first hand	Pupils learn to describe what difference believing makes in some religions, and to describe their own beliefs, linking them to religious ones. Pupils describe some of the ways a religion is expressed and the impact the faith has on community life. They link the ideas to their own lives	Pupils explain connections between beliefs and values, giving their own thoughtful ideas about what is good and evil in the light of belief in various ways. Pupils explain and interpret a range of forms of religious expression, and express their own insights into belief in various ways. Pupils can explain the presence of a number of religions in the region and account for the community life of each. They can express insights into what makes a good plural society
4. Why are some times special? Festivals and families	Pupils learn to name celebrations and festivals that are special to each religion, and to themselves	Pupils learn to describe religious artefacts, festivals and practices, linking them to special times they have studied	Pupils explain and interpret the ways festivals focus beliefs and values in different faiths studied. They consider and justify what they celebrate, and why
5. What can be learned from the lives of significant people of faith? Role models	Pupils take thoughts from some stories of religious founders or leaders and think about what makes these people special	Pupils describe the lives and teachings of some great leaders, and make links between their beliefs, the religions they contributed to and themselves	Pupils explain the impact of the lives of inspiring religious figures, and account for the impact of their own ‘heroes’ on their thinking and behaviour
6. How do I and others feel about life and the universe around us? Ultimate questions	Pupils explore the puzzling questions that life in the world gives us, and talk about some answers to them from religion. They talk about the questions they would like to ask God	Pupils describe some puzzling questions about God and humanity, and some answers from different viewpoints. They suggest answers of their own	Pupils can explain their own views and the views from religions they have studied about philosophical and religious questions to do with God, humanity and the meanings of life
